## Board plans campaign for election

Canyon School Board members Tuesday night set in motion a campaign to garner public support for a bond issue expected to total between \$5 and \$7 million for construction of two new schools.

For more than a year the board has discussed the construction of new schools and the need for a bond election and issue and Supt. Jerry Jacobs has said it would be logical to call the election for early November.

But, Tuesday night the board got down to the business of organizing a campaign to make the public aware of the need for new schools, the status of finances to pay for the construction, and the future of the local district.

Board members decided to appoint two special ad hoc citizens committees at their next regular meeting later this month — one to explore school finances and the bond issue and the other to explore the needs for new schools in the district.

School district staff members will also begin preparing graphs and charts and statistics for future presentations to civic groups and citizens organizations concerning the need for a new elementary school and a new high school in the district.

Jacobs gave board members a detailed memo outlining the kinds of public relations efforts which should be attempted to bring about a successful bond vote next fall for the construction projects.

Board President Tom Keeling instructed each board member to come up with several names — representing a cross-section of the district — for service on one of the committees to be formed.

Jacobs said the committees should include about 15 to 20 citizens, a couple of school board members and possibly school staff members. Financial Aid (See PLANS, Page 6)

Not an award winning dive, but a good one for cooling off on a hot summer day is demonstrated by this Canyon youngster, one of hundreds who flocked to the city pool this

week. The pool opened for regular summer hours last weekend and will be open daily from 1:30 p.m. to 7 p.m.

## Another tax hike seen for schools

Canyon school district taxpayers can expect another 5-6 cent tax rate increase next year as a spin-off effect of the new Texas school finance legislation passed last week end by the state legislature.

Supt. Jerry Jacobs said this week he believes the tax rate will have to be increased by that amount to provide funding to cover ever-rising costs for school operations.

While increased costs to be incurred by the local district due to the legislative action will be potentially offset by benefits provided through the legislation, finances of school operations will be tight again

next year, he said.

"It looks like we can make next year without curtailing any of our programs," Jacobs said.

He predicted that with the 5-6 cent rate increase, the district won't have to dip into the carry-over balances to a great extent for next school year.

"We can increase taxes 5 to 6 cents and make next year," he said "and that I'm happy to report."

Changes in the way school district operations are financed had a major impact on the financial picture of the district for next year, he indicated, reviewing the impact of the legislation on the local situation.

Because of mandated salary raises of about \$1400 per teacher for the fall, Jacobs said other salaries will also have to be increased to stay in line. That includes salaries of about 20 teachers whose pay is not financed from state sources.

The bill passed by House and Senate and sent the Governor for signature calls for the Canyon district to raise an additional \$140,000 in local effort funding. Currently, the district provides about \$140,000 per year in local effort. For the 1976-77 school year, the district will have to come up with an additional \$280,000.

The bill also includes an \$8000

minimum salary for baccalaureate degree holding teachers. The maximum salary for a teacher with a bachelors degree will be \$12,780.

Jacobs said the increases which will be demanded by the legislation will to an extent offset by new income provided by the legislation.

Transportation funding for the district is increased by 62 per cent for the coming year which will mean an additional \$42,000 to the district.

Main tenance and operation funds will be increased by about \$160,000, he said.

In addition, the district may (See TAXES, Page 8)

## Caballero says resignation forced

The long-time chairman of West Texas State University's art department said Wednesday he was forced to resign his position and believes the action was not equitable.

Dr. Emilio Caballero, central figure in a controversy pending Friday before the university board of regents, told The News he has always put the student first.

"Of course it was inequitable," he said of the forced resignation.

"Do you think I'd resign with just two more years to go into a new fine arts building and after I'd devoted a lifetime to this

institution?" he asked. "I have a great stake in this institution. I've been here a long time."

In a lengthy 2½ hour executive session three months ago, university regents affirmed a university administration decision which was billed at that time as an acceptance of Caballero's resignation.

Observers said at that time, the Caballero resignation sparked a major feud between university President Dr. Lloyd I. Watkins and Regents Chairman Cloyce K. Box.

In open meeting balloting at that meeting, Box, B. Raymond

Evans and Don Curry voted not to accept Caballero's resignation while the remainder of the board present voted to back the administration's recommendation.

The regents are scheduled in open session Friday morning to hear petitioners pleading on behalf of Caballero and for his return to department head status. Caballero is scheduled to step down as department head next fall and resume a full teaching load as a professor of art.

Watkins told The News last week he was approached by persons bearing petitions to have

time during the meeting.

Area news media have reported as many as 2,000 signatures have been gathered asking that Caballero be retained as department chairman.

"If I broke a few rules or regulations, it was because I put the students first," Caballero told The News Wednesday. "People are more important than things. I've always believed that."

He said if administrators have specific charges against him in relation to the resignation, they (See FORCED, Page 8)

## Chamber wants meet on recreation

Chamber of Commerce directors voted Monday night to meet with city and school district officials in the near future to find out the facts on funding possibilities for new tennis courts and other recreational facilities for Canyon.

An ad hoc chamber committee was to meet Wednesday to formalize plans for the meeting, to set the meeting date and to issue invitations to local governmental officials.

A motion from Director Phil Langen carried to set up the meeting.

Langen said the reason for his motion was to get representatives of the city and school district together to find out if there are plans for future construction of tennis courts or other park and recreation facilities, and if so, how the project will be funded.

"We want to explore tennis first because there's been so much

discussion and we all realize the day is coming when the university facilities will be gone," Langen said. "We want to explore what's happened to the park facilities that were planned and then dropped."

He said the directors would like to know if plans for future park expansion in the city have been temporarily shelved or permanently forgotten by city commissioners.

"To get discussion off the ground the chamber wants to get the interested parties together to discuss the thing," he said.

Langen and Chamber President Weldon Trice said it is the general feeling of the other directors that recreation facilities in the city are inadequate.

"I think we need tennis courts and better park facilities," Langen said. "Why we have more baseball programs here than we

have parks to use."

He said the directors hope to explore during their meeting with city and school officials whether the problem lies in lack of funds or in poor administration.

"We want them to say they have no money available, or nobody is making any effort, or that there's no need," Langen said.

Local tennis buffs have gone to city and school officials at least once during the past three years to seek construction of tennis courts in the city.

Currently, the only courts available to local residents are courts constructed at student expense at West Texas State University.

University Tennis Coach David Kent has said it is likely in the not-to-distant future those courts will not be available to city residents but will be open only to WTSU students and faculty and staff members.

Neither city nor school board have made any commitment to construct new courts, although school board officials have come up with plans for such a project.

In other business Monday night, chamber directors outlined the sequence of events for the annual Canyon Days Celebration, which this year will be limited to the Fourth of July only.

Most activities planned by the chamber for the day will take place during the late afternoon and early evening to avoid the mid-day sun. Canyon Bicentennial planners also have scheduled events for the day.

The chamber-sponsored parade through downtown Canyon will be held at 5 p.m. on July 4. The annual barbecue dinner will be served in Conner Park beginning at 6 p.m.

Fireworks displays will begin at the park at 9:30 p.m.

## Ired Lair says council decision could lead to halt in growth

Canyon Developer A. W. Lair said Tuesday he's reconsidering whether to construct 50 new homes and an apartment house in Hunsley Hills in light of city commission refusal Monday night to help him pay for extension of a water line to the area.

On a rare 3-2 vote, commissioners voted to reject Lair's request that the city pay \$14,000 of an estimated \$56,100 cost for the water line extension. Lair had asked that the city pay one-half the cost of extending the line under the 300 feet of right-of-way for U.S. 60.

"We had some plans for 40 to 50 more homes and a 56-unit apartment complex but I doubt that we'll do it," he said Tuesday. "I think we'll probably cancel it. I just don't know."

"We'll have to see if it's feasible to go ahead under these circumstances and try any further development."

Lair was admittedly angered by the commission decision to re-

ject his proposal. "I don't feel the onus they've put on me is something I can stand and make it (the development) work," he said. "I wasn't asking for the moon."

Lair offered to bear full cost of extending a 12-inch water main line from the city pump station at 2nd Street and 4th Avenue on the south side of U. S. 60 to his property line on the north side of the highway. But, he asked that the city bear about \$14,000 of the \$29,000 cost for taking the water main under U.S. 60 right-of-way. "I already have approval on the apartments and I've got the money and we have 25 to 30 homes sold," he said Tuesday. "That's a million dollars worth of taxable property and one year's taxes would pay for what I'm asking."

In his presentation Monday night, Lair pointed out that past city commission have borne partial and even full costs for such pipeline extensions. He noted that when Hunsley Hills was first under development more than a decade ago, city commissioners bore the entire cost for extending water lines into the development area under U. S. 60 right-of-way.

Likewise, he noted past commissions had approved funding for water line extensions in Pioneer Estates in the east part of the city and for water drainage areas in the south portion of the city in Hidden Valley.

City Engineer Bill McMorris estimated the cost of the entire project — taking the line from the pump station to the Hunsley Hills property line — would be about \$36,178. The total for taking the line under U. S. 60 would

be about \$29,148, he said.

Lair contended that while he would agree to foot the majority of the bill to extend the 12-inch main to his development, the line

would as much served the existing houses and apartment house in that area as it would serve his future development plans.

(See LAIR, Page 8)

Just a small portion of trash left behind by parkers

## Beer bottles spoil hang-out

No longer will the Palo Duro Shopping Center parking lot be the under-the-stars hang-out for local college and high school youths.

Shopping Center tenants say they were pushed too far last weekend after high school graduation when they arrived at their businesses to find the parking lot strewn with hundreds of beer cans and bottles and other assorted trash.

They asked Canyon police earlier this week to keep the parking lot clear of loitering teen-agers, who for several years have parked their cars along 23rd Street on the lot.

In the past, the lot has been a nightly gathering place for college and high school youths, who would park their cars and sit on the tops or hoods of the vehicles or simply stand on the pavement and talk.

But, said Ideal Food Store Manager Sherman McCarter, the parkers

have become a nuisance.

He said he and other tenants gathered a half dozen large cases of empty beer cans and bottles from the parking lot last weekend. It apparently was the last straw.

McCarter said the tenants had asked several times if police would inform the youths they were welcome to park on the lot as long as they didn't deposit their empty beer cans and bottles in the area.

"For a long time we told the police to tell them it was okay to stay if they took their litter with them," he said.

But, the litter has remained and McCarter said he's received many customer complaints about flat tires inflicted from broken beer bottles on the parking lot.

He's tired, too, of worrying about whether one of the youths will be hit on the parking lot by a pas-

(See BEER, Page 6)

Dressed for the summer is this West Texas State University coed, who came to campus Monday for summer school registration. Figures indicate the enrollment numbers are running about even with the same time last summer. About 2500 students enrolled for summer classes in 1974.

## Sorghum planting begins in county

Grain sorghum planting has begun on a smaller-than-usual number of acres in the county and wheat harvest is not far away.

Planting is underway on about 30,000 to 40,000 acres of irrigated land for grain sorghum — the acreage usually planted on irrigated croplands. And, planting is also underway on dryland acreages, which this year are expected to be far below the usual number.

"It's hard to tell how many acres there'll be of grain sorghum," County Agent John Brazzil said this week. "There are so many acres of wheat that ordinarily would have gone into grain sorghum."

The number of dryland acres will be affected by the tremendous number of acres planted in winter wheat last fall and left to full maturity this spring, he said.

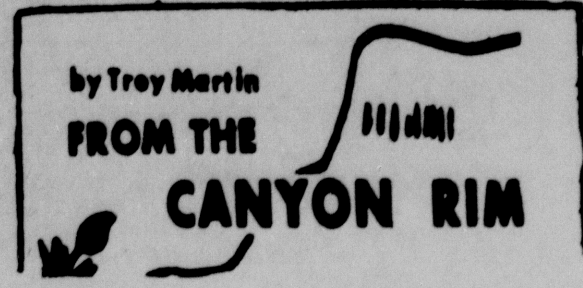

In the past few years the number of dryland acres given over to (See PLANTING, Page 8)

COVERING FUMBLES

by Dean Mitch Jones

When my friends begin to lose their sense of humor they become either pessimistic or slaphappy—and I am a bit more comfortable with the pessimistic ones.

There is growing evidence that the Equal Rights Amendment may cut both ways.

With more and more publicity on women's liberation, men are getting a better shake in court when they have women adversaries these days.

In point is a divorce case which unfolded in district court in Potter County Tuesday. The father was awarded custody of the couple's two children and the court ordered the mother to pay \$50 a month per child in child support.

Everything possible is being done by the federal and state governments to discourage business in this country in spite of the fact that our standard of living hinges on it.

Internal Revenue Services gets the lions share of profits from any business but this is not the staggering load.

The biggest task of the small businessman is not in paying the tax but in keeping records that IRS will accept. Actually this is involuntary servitude contrary to the constitution.

Employers must collect tax for the government again in involuntary servitude.

The taxpayer is considered guilty until he proves himself innocent — again a violation of the constitution. With this provision, IRS can harass a small business into oblivion.

As if this were not enough, we now have to contend with OSHA — Occupational Safety and Health Act.

An OSHA inspector blew into The Canyon News a few days ago, flashed his credentials and demanded to be shown around the place.

The Canyon News was penalized \$105 for several "non-serious" violations of an act which a Philadelphia lawyer couldn't understand.

This was a clear cut violation of my constitutional rights since my place of business was subjected to illegal search (no warrant) and I was put into the position of having to testify against myself.

I was also mildly lectured by

the inspector, who was a nice enough fellow, for not having a more thorough knowledge of OSHA.

Later the district director called from Lubbock to apologize because The News had been penalized for not keeping accident records in spite of the fact that The News has never had an on-the-job injury.

The director also is a seemingly nice person who gives a lot of thought to public relations in enforcement of a highly unpopular law. His only defense is that "I am only carrying out orders."

This is the exact excuse given by Heinrich Himmler, chief of Adolf Hitler's Gestapo. In fact it has been the excuse offered by workers of the will of tyrants since the foundation of the world.

Freedom of the press, thought to be secure in the First Amendment, is under vicious attack by big government through oblique regulation of advertising.

Legislation already is in the mill to prevent druggists from advertising and to disallow utility advertising as legitimate expense in figuring taxes and setting rates.

Both are great sources of revenue for media. Dry up the revenue and dissemination of information is likewise dried up.

Transgressions of George III — against whom the American colonies rebelled charging oppressions — pales beside tyrannies we seemingly accept without question at the hands of those who govern us today.

## Hutton Now In Amarillo

County Clerk LeRoy Hutton has been brought back to Northwest Texas Hospital in Amarillo where he is listed in satisfactory condition.

Hutton returned to the Panhandle from an Austin Hospital Saturday. He cannot have visitors at Northwest Texas Hospital.

He was hit by a car in early May in Austin and has been hospitalized since that time.

# Texas Legislative Review

## Legislators Approve \$21 Million For WT; Funds Please Watkins

Texas Legislators have appropriated \$21.8 million dollars for the operation of West Texas State University for the next two years, a figure which is more than \$5 million above current appropriations.

University President Lloyd Watkins was elated by the final tally.

Rep. Bob Simpson reported Tuesday the legislature's appropriations bill contained a two-year provision for WTSU totalling \$21,863,500. That includes an \$11,267,000 appropriation for the main year beginning in August and \$10,596,000 for the year beginning in August 1976.

The current year appropriation for the university is \$7.9 million. The 1973-74 appropriation was \$7.9 million also. Total appropriation for the past two years was \$15.9 million.

The next biennium appropriation includes large sums for purchase of new books and materials for the university library and for research in wind energy, water conservation and agriculture — priority items for Watkins.

"I'm just delighted with the appropriation,"

Watkins said Tuesday. "The legislature treated us very fairly."

Stressing that the university maintained a low profile in the legislature during the session, Watkins attributed the success of the appropriations effort for the biennium to the work of Financial Vice President Herma Miller, who was a staff member of the Legislative Budget Board before coming to the university last fall.

Watkins said a \$400,000 appropriation for the purchase of new books and a \$100,000 allocation for new research projects in wind energy, water and agriculture will provide the university with the tools to make strides in the effort to become an institution of educational significance.

"I feel we have been given substantial financing to work toward our goal of educational significance," Watkins said.

He also credited the work of area legislators for the success of the WTSU request.

"I feel all the members of the legislature from this area recognized the importance of what we're trying to do at the university and really

got behind us," he said. "I'm very deeply appreciate of that."

Passage of the appropriation for the university means that no faculty members will be terminated due to financial exigency in the fall of 1976, he said.

And, it probably also means that scheduled promotions and merit raises will also be given faculty members as anticipated.

The funding levels approved by the legislature were just shy of the levels requested by WTSU in preliminary figures last fall. The university had requested \$11.8 million for the first year of the biennium and \$11.1 for the second year.

The legislature also approved the full requested budget of the Panhandle-Plains Historical Museum, including a \$380,000 allocation for construction of a connecting building to link the museum with the old library annex.

Key items in the appropriations for the university:

\*\$4.8 million for faculty salaries for the first year and \$5.1 million for the second year.

\*\$862,000 for departmental operating expense for the first year and \$948,000 for the second year.

\*\$175,000 for the first year for books and periodicals for the library and \$212,160 for the second year. An additional \$400,000 for the biennium for special book purchases.

\*\$61,236 for organized research for the first year and \$65,239 for the second. An additional \$50,000 for each year for the organized research effort in wind, water and agriculture.

\*\$320,000 for replacement of utility lines on campus.

\*\$290,000 for renovation of the old administration building.

\*\$106,000 for renovation of the student union building.

The museum received \$140,000 for rehabilitation of facilities, \$125,000 for air-conditioning the museum, and \$380,000 for the connecting building. That's in addition to regular appropriations of \$194,905 for the first year general operations and \$209,325 for the second year.

## Simpson Says Money Bill Will Raise Taxes

The appropriations bill passed by Texas legislators Monday will lead to a tax increase for Texans two years from now, State Rep. Bob Simpson said Tuesday.

Simpson, Canyon area legislator, said he voted against the appropriations measure because he feels it will create new programs which must be funded in the next biennium and which will demand a tax increase of the next legislative session.

He said the bill represented spending at a level 25 per cent above the level appropriated in 1973, and called for the creation of new programs and agencies which will grow and demand increased funding in 1977.

"Most of the new money was spent on employees," he said, "and that means we'll have to continue to make these payments."

If inflation continues, he said, salaries will have to be raised in 1977.

"We'll either have to come back and cut employees and programs in to trim the budget or pass new taxes," Simpson said. "I think that's clear. We've had a tax bill in every session before Briscoe came and two sessions without one and it will be very difficult to avoid a tax measure in 1977."

Simpson said the state's coffers were swollen at the opening of this legislative session by inflationary trends, and by high oil production tax revenues.

If inflation continues for another two years, he said, more money may be available in the treasury but costs and expenses will also have risen considerably.

The Legislative Budget Board recommended a \$12.4 billion budget for the legislature, he said, and the bill which passed calls for spending \$12.1 billion plus more than \$600 million

for the school finance reform bill.

Other than his displeasure with the appropriations measure, Simpson said he's satisfied with his first session of the legislature. He was elected state representative last November.

"I think the legislature addressed all the major problems and has passed legislation in ways I think effective," he said. "Some of the solutions I didn't vote for, but I think the legislative process addressed the problems."

Simpson said he learned a good deal about government and dealing with other legislators during the term.

"If anything the session enhanced my respect for representative democracy," he said. "I think Texas has a legislature it ought to be proud of."

Simpson's feelings on major pieces of legislation:

"School Finance Reform — Simpson said the underlying problem of property tax valuations was not addressed by the bill which passed both houses. The bill, he said, gives the responsibility to the Governor to equalize taxes in the various school districts. "I disagree with this approach," he said, "because there's no accurate information and now it will be very difficult to equalize and do anything even in the long-range area." Simpson voted for the final measure.

"Creation of a Utilities Commission — The bill will allow creation of a utilities commission to control telephone and other utility — excluding natural gas — rates in the state. Cities will have the option of asking the commission to solve their utility rate problems or handling the situations themselves. Simpson voted against the measure "because I don't think the Panhandle wants a state agency to do anything," and

because the final version was drafted at the tail end of the session and Simpson feels it was not given proper study and thought.

"Strip Mining Controls — The measure provides for reclamation of areas mined for coal, lignite or uranium and prevents abuse of the earth through strip mining techniques.

"Creation of a commission To Study State Government — Simpson favored passage of this bill creating a "Little Hoover Commission" to study ways of economizing or making more effective state government and its various arms and agencies.

## Jail Standards Bill Will Cost County More

In its waning days, the 64th Legislature passed several bills which are expected to cost county government more money, but declined to pass a bill which Randall County commissioners believe would have helped solve some problems.

A measure which would have given commissioners the power to pass and enforce ordinances failed to pass Senate Muster Saturday morning.

Commissioners reviewed the bill early in the session and expressed their backing for the measure, which would have given them tools with which to deal with rural subdivision developers.

The bill rejected by the Senate would have given the county no zoning powers.

Even though the bill failed during the legislative session, ordinance-making power is granted Texas counties through one provision of the Local Government Article of the Texas Constitution which will be up for a vote of the people in November.

Texas Association of Counties Executive Director Buck Douglas told The News Tuesday that the legislature passed one bill which will cost counties a good deal of money.

The legislation established a jail standards commission, consisting of two sheriffs, a medical doctor, a county judge and five citizens, to oversee and set standards for operation of jails in Texas counties.

The law allows the commission to set standards and perform inspections. Currently, the Texas Department of Health inspects jails but has no legal power to enforce standards which are already on Texas law books.

(Last fall, a THD inspector noted several deficiencies in the Randall County jail.)

The commission is allowed under the law to rule on the number of officers which must maintain a jail and the number of prisoners which

can be incarcerated in a jail facility. In addition, they can set standards for recreation areas, library areas and other facilities.

The commission will have authority to review and comment on plans for jail construction or remodeling. And, it can order jails closed and prisoners transferred to another facility and impose costs for maintenance of the prisoners.

The law becomes effective immediately after signed by the governor.

More funds will be brought into the county treasury through another piece of legislation, this one to increase the fees of office of the sheriff.

A similar bill to increase the fees of office which can be charged by the county clerk was defeated.

Another bill passed by both houses allows a county judge in a county where there is no county court-at-law to appoint another attorney to act as an interim county judge to hear cases if his docket is overloaded.

Another requires the Texas Highway Department to establish a system for year-round registration of motor vehicles by Jan. 1, 1978. Currently, automobiles may be registered annually between Feb. 1 and April 15.

The fiscal year of the county will be altered after signature of another measure which sets the fiscal year as beginning Oct. 1 or the calendar year. Currently, Randall County operates on a calendar year.

Going somewhere? Or been? The Canyon News wants to know about it — and so do its readers.

## To Conduct Tractor Safety School

A tractor safety school for 14 and 15 year old youth will be held on June 10 and 11 in Canyon at the Jr. Livestock Building. Starting time will be 9 a.m.

The school will be under supervision of John Brazzil and Gaines Franks, County Extension Agents of Randall and Potter counties.

The two day school which is available at no charge will cover eight hours of classroom work on tractor maintenance, safety, and operation and a written examination at the conclusion of the classwork. The second day work will include tractor driving by those who wish to qualify for an exemption certificate to drive tractors on farms for hire.

Only one school will be held this year and pupils must attend both sessions to qualify for the exemptions.

Tractor operation has been declared a hazardous occupation by the department of labor. Youth in the 14-15 year old age bracket will need an exemption if they operate tractors on farms not operated by their family.

Boys and girls who attend this school and meet the exemption requirements must find their own employment. Detailed operational instructions on the tractor will not be included so some prior knowledge of safe handling of farm tractors will be helpful since driving and handling the machine must be demonstrated at the conclusion of the course.

## Special Train To Be Here

A 391,000 pound rolling salute to the nation's bicentennial will roll into Canyon some time this morning or early afternoon.

A Santa Fe Railway diesel unit painted red, white and blue in honor of the American bicentennial will be in the city at the Santa Fe depot about 11 a.m. today.

The unit is adorned with the Great Seal of the United States. It operates on Santa Fe's Super C, the world's fastest freight train between Chicago and Los Angeles.

Those interested in viewing the engine should contact Russell Guill, local station operator, at 655-2255 for the exact time of arrival.

Gene Howe

Last Day Of School Finally Arrived!

By KAROLYN FARMER  
WELL, IT FINALLY arrived — the last day of school. Of course, there was a lot of excitement, some relief and a few tears.

Friday morning everyone gathered in the auditorium to hear the 6th grade band and choral group perform at Gene Howe for the last time.

The band, directed by Mr. J. W. King, played several selections. Margie Phillips led the choral group, who came dressed for the occasion in their "50's" costumes. The girls wore below-the-knee length skirts in pastel colors, neck scarves and bobby sox. The boys all wore white shirts with pastel colored pull-over shirts.

The choir dedicated the song "Time in a Bottle" to their director, Margie, and the entire student body joined the choir in singing "Let Me Be There" at the end of the program.

Everybody at Gene Howe is really going to miss our great 6th grade class. Incidentally, all 111 of them passed this year and so now they're all officially 7th graders.

SPEAKING OF OUR (ex) 6th graders, several of the mothers prepared a class book for the kids recalling some of their past "accomplishments" and predicting what they will be doing in the future.

Also included in the book was a diploma for each student.

THE TEACHERS AT Gene Howe honored Elizabeth Wilson, who will be married June 28th, with a shower this past Friday. Elizabeth received three place settings of her selected pottery.

SOMEHOW ALL THE kids and most of the teachers made it through the last school day and finally it was time for the end-of-school parties to begin.

I couldn't make it to all the rooms in the short time allowed for the party, but I did visit quite a few of them.

The kids were busy in Miss

Cindy Lasell's room signing autographs. Betty Stokes had made autograph ribbons for the kids out of gold vinyl with a blue ribbon tied at the top.

Everyone in Mrs. Green's room was treated to yellow cupcakes with "G.H. '75" written on them in blue icing.

Mrs. Miller's class were obviously enjoying themselves as they attempted to break a pinata which Mrs. Persall, mother of Greg, had brought for the party. Lori Triplett's mom had made smile face pendants for each child and they also were treated to smile face cookies.

All the children in Mrs. Ramaekers' and Mrs. McGill's rooms received ceramic tiles with their name and a tic tac toe game painted on them.

Troyce Mulherin gave each of the boys and girls in Mrs. Taylor's room a plant to put in the flower pots they made last week.

April Gibson, Andy Reagan, Jay Tipps and Carl Henry all performed in skits to entertain Mrs. Smith's class. Nell Phipps, one of the mothers who was helping with the room party, also chipped in and helped Mrs. Smith stuff report cards into envelopes during the last minute rush. Mary Jo Smith received a lovely corsage from her students.

Mrs. Woodward was also wearing a beautiful corsage given to her by Greg Ballard and Ron Bostick, who had saved their own money for their teacher's gift.

I also saw a lot of the young men and women who recently did their student teaching at Gene Howe and had come back for a visit with the kids and teachers.

BRAD PHILLIPS HAD a double reason for celebrating Friday, May 30th. It was both graduation day and his 18th birthday. Brad is the son of our own Billy and Margie Phillips (we gladly claim both of them).

Brad came by to visit his mother during the 1st grade music class at school Friday and was treated to 18 "smacks" and "whacks." His proud mother also told me that her son was given the C.H.S. Chorale "Clod of the Year" award this year. (I'd love

to see the trophy for that award.)

ANOTHER PROUD PARENT, Luther Lawless, went to Lubbock recently to watch his son Mark run in the Southwest Conference Track Meet. Mark ran the half mile, placing first in the preliminaries and fourth in the final race. He has run six meets this year and has placed first in four of them.

BRENDA LAWLESS' PARENTS, Mr. and Mrs. Coburn of Mt. Pleasant, Texas, have been visiting in the Lawless home this past week end. They will take Brenda's son Ricky home with them to work in the family grocery store this summer.

GENE HOWE SCHOOL was given a beautiful new picture this past week by the Voltex Company. This is the company from which we are buying the

school emblem jackets. It's a large reproduction of the painting "Pinky" (the one that always goes with "Blue Boy"). I'm not much of an art expert, so I hope that name is right. Anyway, it's really a lovely and appreciated gift.

LOUISE (BROMLEY) DICKERSON and David are in the process of packing and will be moving to Alamogordo, New Mexico this week. Of course they're going to be missed greatly by all of us at Gene Howe. Louise, as school secretary for the past three years, has given us so much of her time and love. David has been active in Scouts and sports, among other things, and I'm sure we'll be hearing great things about him in the years ahead.

ERNESTINE HARP IS the new Gene Howe School secre-

tary for this year (and we hope for many more years). Ernestine, as you know, has been serving as PTA President for two years and has spent many, many volunteer hours helping out in the school office. So she's certainly no stranger to the job.

Ernestine has been a loyal supporter of Gene Howe for the last 10 years. Since her youngest daughter Dena has graduated on to the 7th grade, this is a marvelous way of keeping her with us.

MRS. DUANE (ANITA) Harp has been hired to teach kindergarten this coming year at Gene Howe. Anita has worked this past year as a teacher's aide to Carol Hollingsworth. The large pre-enrollment figure for kindergarten indicated that Gene Howe would need two teachers this next fall, and we're certainly glad that Anita will be one of them.

Anita is the daughter-in-law of Ernestine and Bill Harp.

CAROL HOLLINGSWORTH AND family are now in Africa as part of a missionary trip sponsored by the First Baptist Church of Amarillo.

Carol, Jerry and children Hart, Hunter and Heather will be spending three weeks in Kaduna, Nigeria. Jerry will be speaking in churches there and Carol and the children will help puppet shows, teach Bible stories and sing for the Nigerian children.

The Hollingsworth family left for Africa May 31st and were really looking forward to serving God as His missionaries.

MRS. ELEANOR DEKARD, the school nurse at Gene Howe, has gone to Oklahoma to visit her son, daughter-in-law and brand new grand-daughter, who was born this past week.

MR. LUTHER LAWLESS and Mr. Denny Park, who teaches at Canyon Junior High School, will be attending the Texas Elementary Principals Summer Workshop in Austin on June 9, 10 and 11.

Mr. Lawless will act as chairman of one of the sectional

meetings of the workshop.

MANY OF OUR teachers, our school secretary and Mr. Lawless attended a coffee in the home of Mr. Jerry Jacobs Saturday morning, May 31st.

AT NOON ON Saturday following the last day of school, the PTA provided a covered dish luncheon for the teachers and staff of Gene Howe. Raydell Palmer was in charge of the food and Troyce Mulherin decorated the tables in the school cafeteria for the luncheon.

The annual luncheon is both a welcome break in the teachers' work day and a special time for the PTA and teachers to honor each other.

This year the PTA gave each of the teachers a personalized coffee mug. The cups were painted gold and have each teacher's name written on them in blue. They were also fired in our new kiln which was given to the school by the PTA this year.

Special gifts were also given to Nynvia Mills, Louise Dickerson and Rickey Smith, who won't be back at Gene Howe next fall.

The teachers introduced their room mothers who were present and also presented corsages to the PTA board members for this past year.

GENE HOWE SCHOOL received a check from Wonderland Park this past week for \$1,070.62. This is the money which our school made from ticket and gate sales at the park for May 26th and is several hundred dollars more than last year's sales.

This money, along with the proceeds from other PTA projects throughout the year, will be spent on many things to benefit our school. The new kiln at Gene Howe is an example of the way our school PTA money has been used.

BASEBALL SEASON HAS begun and is going great in the Gene Howe area.

The 5th and 6th grade "Y" hardball team played a team from Oakdale School last Saturday and won by a score of 20 to 4.

The Canyon PeeWee League team coached by Dave Coronado and made up of 8 and 9 year old boys won their game last Saturday. They played another team in the Canyon League and won 14 to 10.

The 5th grade girls team played their first game Monday, June 2, against a Ridge-crest team, beating them 23 to 5. Their coach is Mr. Euris Phipps.

Co-coaches Leonard and George Schmidt saw their 6th grade girls team to a healthy win over a team from St. Mary's. The girls played their first game at Elwood Park on Monday, June 2, and won 42 to 20.

The 4th grade boys team began their season with a game Tuesday night, June 3.

Their coach this year is Larry Brooks and assistant coaches are

Bob Morgan and Roger Whitehead. The boys playing on the 4th grade team are: John Brooks, Rickey Denison, Jerry Gervasi, Terry Gervasi, Allen Gwyn, Dwayne Hollis, Michael Longhofer, Greg Maples, Mike Morgan, Sam Pender, Chris Poole, Kenney Ramey, Michael Ray, Scott Sauer, Jimmy Scott, Kevin Smith, Rodney White and Dale Whitehead.

Their shirts are orange with white numbers.

PLEASE CALL ME this summer if your family takes a trip, someone visits you or your children are involved in something special — my number is 355-8549, and I really would like to hear from all of you.

And also be sure to have a happy and very safe summer.

No Raises In Taxes Seen  
For Next Few Years

Randall County property owners probably won't see a considerable rise in their property values — and thus their taxes — for the next three years, county commissioners were told Monday.

Mrs. Audrey Bruse, tax assessor-collector, said she doesn't plan to initiate new tax values on real and personal property in the county until her office has completed a full revaluation of all property in the county. The revaluation will take another three years to finish, she said.

Commissioners concurred with Mrs. Bruse's plan and agreed that new land values, which were presented formally Monday, should not be applied to the tax roll until the remainder of the revaluation effort is completed.

Mrs. Bruse has not yet worked up schedules for figuring the 100 per cent market value of residential and business structures or farm improvements.

While the commissioners determined to wait before putting into effect the land values schedule, which would have dramatically increased tax values and, therefore, taxes, they told Mrs. Bruse to begin examining property in rural areas for classification purposes.

Her appraisers, under the format suggested by commissioners, would examine land not for its value but to determine whether the rural property should be classified as irrigated farmland or as dryland cropland and how useful the land would be for its stated purpose.

Commissioner Paul Lindsey suggested it would not be fair to impose new tax values on rural land before the full revaluation effort is completed. Likewise, he said, it would not be fair to impose more stringent taxes on urban property without a like hike in rural values.

One factor which apparently led to the commissioners' decision to delay implementation of the new land value schedule was passage by Texas legislators of a bill which would require that rural land values be figured according to production capability.

Mrs. Bruse reported that the bill is now awaiting signature of the governor, but would still not become effective until a new state constitution is passed by voters in November. Even then, effective date of the bill would be Jan. 1, 1977.

She said under the legislation the state comptroller would set production capability values throughout the state.

Commissioners side-stepped a firm decision on a proposal by Commissioner John Fulgenzi to get tough with rural subdivision developers, who construct city-

type streets in their areas.

Fulgenzi had proposed that commissioners accept subdivision streets or roads only as dirt roads in the future, even if the developer has constructed paved streets. He also proposed in the past that each development plat filed with the county be stamped to reflect that before further improvements would be made to the streets or roads in the development residents would have to form a road district for taxation and bond issuance purposes.

Dist. Atty. Randall Sherrod told the commissioners they could place such a stamp on each plat, and that they could require the development off rural road districts for road construction and maintenance.

However, Commissioner Jim Fletcher asked commissioners to delay a decision.

"I think we should look into the whole program before we go ahead with it," Fletcher cautioned.

He suggested Sherrod investigate the law further and come up with a specific recommendation.

In other business, commissioners declined to donate funds to the Canyon Senior Citizens Association for purchase of the old First Christian Church building here. The CSCA is trying to raise \$22,500 for purchase of the structure for use as a senior citizen center.

Former Commissioner Clarence Beckman asked for the donation.

Commissioner Paul Lindsey told Beckman the county budget would not allow for any donation this year.

"At this point, I wouldn't be in a position to say we'd be able to help out of our general fund area," he said.

"I don't see how we could contribute any money at this time," Fulgenzi said. "Maybe after our evaluation we could do it."

Commissioners allocated the remainder of the federal revenue sharing money they expect to receive for capital improvements, primarily for construction costs on the new South Amarillo courthouse annex.

They also authorized issuance of \$40,000 in certificates of obligation for construction completed on the project during May.

Commissioners put off for two more weeks a meeting with county department heads concerning the status of their fiscal year 1975 budgets.

The department heads were told in a joint meeting with commissioners two weeks ago to meet individually with Auditor Betty Hodges to discuss their budgets.

Mrs. Hodges reported Monday that most department heads had come to talk with her.

Kidney Machine Fund  
Short Of Needed Amount

Only about \$900 has been collected for a fund to provide a kidney machine for Mrs. Glen Williams.

Mrs. Carmen Hernandez, of the Canyon Community Family Services Association, said the association needs about \$2300 more to purchase the machine for

the Canyon woman, who is now in Dallas where she is undergoing semi-weekly treatments on a kidney machine.

Mrs. Hernandez said the machine will cost about \$3200 to purchase rather than the \$2500 originally estimated. It will be available for use by others in the Canyon area.

A garage sale will be held Friday and Saturday at 311 4th Ave. to benefit the fund.

Those wishing to donate items for the sale are asked to bring them by 311 4th Ave. Those wishing to donate to the kidney machine fund may do so by making a check payable to the fund at the First National Bank or West Texas State Bank.

Happy News

# Happy Junior Rodeo Set This Weekend

By MARY NEAL HENRY  
**HAPPY JUNIOR RODEO** sponsored by the Happy Rodeo Association is this weekend, June 6, 7, and 8. Friday and Saturday evening performances began at 7:30 and Sunday afternoon performance is at 2 p.m. Trophy buckles will be awarded to the all-round boy and the all-round girl. Three age divisions exist for boys and only two for girls. Boys events for ages 16 through 19 include bull riding, bareback riding, tie down roping, ribbon roping, chute dogging, and team roping. Boys events for ages 13 through 15 include steer riding, poles, tie down roping and ribbon roping. Girls events for ages 13 through 19 include barrel racing, steer riding, poles, goat tying, and break away roping. Events for both boys under twelve include barrel racing, steer riding, poles and flags. Books are already closed, but you will enjoy coming out and watching these events. Stock is furnished by Bill Halliday.

**FIFTY GOLDEN YEARS** were recently celebrated by Eula and T.J. Bonds at a reception in Fellowship Hall of the First Baptist Church. Their children, Lloyd and LaDalle Bonds and Kenneth and Gaynelle Bonds, both of Dumas, hosted the occasion and greeted guests with their parents. Darla and Treva Bonds, daughters of the Kenneth Bonds registered the guests. Daughters and daughters-in-law of the Lloyd Bonds served guests from a table laid with white lace over a golden undercloth and centered with yellow daisies in a candleabra. Mrs. George (Kathy) Bonds and Mrs. Melvin (Linda) Bonds served cake during the afternoon. Mrs. Flora Luttrell and Mrs. Kathy Traylor served punch. Approximately two hundred guests called during the afternoon. Out of town guests

from Canyon were Joe and Ruby Abbott, Ruby Bonds, Mrs. Earl Davis, Mr. and Mrs. C.F. Hallbaugh, Mr. and Mrs. Floyd Tomlinson, Mr. and Mrs. Vernon Harman, Mr. and Mrs. Eugene Bonds, Mr. and Mrs. Shug Bonds and sons, Mr. and Mrs. R.B. Gist and Robert, Mrs. Flossie Johnston, Roger and Freida Gist, from Jewell Community, Mr. and Mrs. Tom Gooch, Mr. and Mrs. Erwin Davis and Rhonda, Mr. and Mrs. Pete Levitt and girls, from Tulsa; Mr. and Mrs. Doc Grey, Mr. and Mrs. J.C. Bonds, Louie and Jimmie Bonds, Mr. and Mrs. John Nix, from Amarillo; Mr. and Mrs. H.D. Weeks, Mr. and Mrs. Charles Samples, Mr. and Mrs. Elber Ewing, Mr. and Mrs. Ronnie Westover and sons, Mr. and Mrs. Jerry Rodgers, Letha Patterson, Mary Jane Miller, from Nazareth; Mr. and Mrs. Bert Venhaus, Mr. and Mrs. Earl Backus, Mrs. Helen Backus, from Texline; Mrs. Billie McDonald and Tommy and Tim, from Petersburg, Mr. and Mrs. J.L. Weathers, from Lockney, Mr. and Mrs. Ed Whitfield, Mr. and Mrs. Tom Weathers, John Weathers, from Lubbock, Donna Bright, from Plainview, Mr. and Mrs. Paine Dalton and Tommy and Donna, Mr. and Mrs. S.A. McGowan, Mr. and Mrs. Doyle McEarchen and Melissa, from Waysside; J.J. Lane, from Wildorado; Mr. and Mrs. Mark Roark and daughters, Mr. and Mrs. Cecil Roark and Steve, Mrs. Laura Ponder and Mattie Elrod. From Stratford: George and Kathy Bonds and Kendall, from Dumas; Lloyd and LaDalle Bonds, Mr. and Mrs. Larry Luttrell and Todd and Gregg, Mr. and Mrs. Dwayne Traylor and Stacy, Melvin and Linda Bonds and Tommy, Kenneth and Gay Bonds and Darla and Treva; and Mr. and Mrs. Von Allen and Pat Harper of Clovis; Mr. and Mrs. G.J. Bonds of Bentonville, Ark.

**DIANE JOHNSON**, DAUGHTER of Mr. and Mrs. Reggie Johnson, was recently installed Worthy Advisor of

Happy Rainbow Assembly. It was my happy privilege to be the installing officer for the evening. Installing marshall was Connie Hand; Installing musician, Cathy Parker; Installing recorder, Barbara Andrews; and Installing chaplain, Beverly Dowd.

Ushers for the evening were Guy Walt Via, Donnie Oler, Bill Luker and J.T. Henry. Diane "little sisters" in Rainbow registered guests. These are Kelly Weavers, Diane Johnson and Romona Weavers.

Diane introduced her family at the conclusion of the Installation services and then dedicated her term to her Mother and in a lovely appreciation and dedication speech. Diane also thanked Alden Mann, the Rainbow Dad, for her corsage and for his and Ruth's help; Mary Stubblefield for her help as Mother advisor; the advisory board members; and Jerry Holland, who had helped with decorations and plans. The Advisory Board served refreshments after the meeting.

Diane Johnson served punch and Bonnie Briscoe, Worthy Associate Advisor, served cookies from a table laid with an orchid cloth over a deeper purple undercloth and centered with an arrangement of spring flowers. Diane's plaque hung on the wall behind the table and was covered in Diane's color of blue with her theme "Brotherhood" in darker blue letters. The plaque outlined in lace decorated with miniature pink and blue flowers also featured a helping hand, Diane's symbol, and spring flowers. In the hand was inscribed Diane's chosen poem: "I sought my soul, but my soul I could not see, I sought my God, But my God eluded me: I sought my Brother, And I found all three."

Approximately ninety persons attended the installation service.

**ROY THOMPSON WON** the Wendy Ryon steer roping last weekend in Fort Worth. All the money made at this roping at the gate and any event connected with it is donated to the American Heart Association. Second in the steer roping average went to Tim Prather, Third, to H.L. Todd and fourth to Olin Young.

Arnold Felts won the calf roping. Ronnie Seawalt won the matched calf roping against Ernie Taylor. Tommy Puragon won the matched bull doggin' against Walt Garrison.

J.T. Henry won first in the bareback riding and second in the bull riding at the Lubbock Junior rodeo last weekend. He also won fifth in both events at the White Deer Tri-State Rodeo.

Ken Henry won third in the bareback riding in Del Rio last week and a first and second in riding events Lampasas. He also judged (both field and riding events) a rodeo at LaVernia just east of San Antonio last week.

Valerie Tipps, Sherr Starkey and J.T. Henry have qualified to compete in the Tri-State Rodeo finals in Dumas the middle of June. Eddie Joe Pearson may also be one of those contestants. Eddie Joe is becoming a qualified competitor in steer wrestling.

**MARTA AND BETTY** Donnell are visiting relatives and friends in Levelland, Odessa and Lubbock and other South Texas areas this week.

**HAPPY SQUARE** DANCERS will be among those 8,000 couples expected in Amarillo this weekend at the Jamboree.

**BOB ROBINSON WAS** on television early Monday morning with the District 1 agent. Their chief topic of conversation was the 4-H State Round-Up this week on the Texas A&M campus.

District winners are competing for state titles this week.

Dr. Frank Orts, meat specialists, called last week and ask me to help judge meat demonstrations. I, too, plan to be at A&M this week. Tell you about it next week.

**EDDIE JOE PEARSON** won fourth in the steer wrestling at the Tri-State High School Rodeo in White Deer last weekend.

**THE LARRY SIMON** family travelled to Trinidad, Colo. to see their parents last weekend and Clay and Dwayne stayed with their grandparents for their summer vacation.

**HOYLE AND GLADYS** Haley travelled to Ruidoso, N.M. with the James Hales for a holiday recently.

**BILL AND LYN Kulenburg**, (the former Linda Lewis) are the parents of Kathryn Susann (Kate) born May 19. Kate weighed six pounds and ten ounces. The family lives in Abernathy.

**THE FIRST LITTLE** League game was played in Happy on Friday evening between the Happy teams. Happy won! Sorry I don't have those details, but I promise them next week.

**FRIDAY WAS A** still evening, a most unusual one for West Texas. When traffic passed down the dirt road, dust clung to the air, going nowhere. A head on collision thirteen miles east of Happy on the county line road

took the life of a young man in the prime of life, and the lives of two others hang in the balance.

Dick Foster, 37, died Friday evening. Dick was a member of Happy Jaycees (and had been a member of the Canyon Jaycees when he and Dottie lived in Canyon) the Happy Rodeo Association and the Community Church of Wayside. He was one of those esteemed Texas Jaycees who had been awarded a JAKE, one of the highest honors of Jaycees. Dick was a good neighbor and a good friend.

Services were held Monday in the First Baptist Church at 3 p.m. and a burial was in Canyon in Dreamland Cemetery, with Bro. Roland Moore and Bro. Paul Heil officiating. Pall bearers were Odell LaGrone, Bob Costley, Roy Reynolds, Tom Henry, Lloyd Venhaus, Gene Shipman, Lloyd Rahlfs, and James Vick.

Survivors include the wife, Dottie, three daughters, Lissa, Dana, and Kim; all of the home; one son Kelly, of the home; his parents, Mr. and Mrs. Jack Foster; two brothers, Gordon and Dean, both of Amarillo; and a sister, Mrs. J. K. Milam of Tulsa.

Kelly Foster, nine years old, and Steve Gaylor, 22, were passengers in the Foster pickup. Kelly was released from Palo Duro hospital on Tuesday. Steve Gaylor, a nephew of Dottie Foster's was transferred to Amarillo for the services of a bone specialist. Steve lives with his brother, Lynn, in Plainview; and attends Texas Tech. Steve has plans to teach agriculture and would have graduated from Tech in December. That

graduation will surely be delayed but still in Steve's future.

**RICHARD SoRELLE**, A senior student in Happy High School, and Don Freelan, who has worked for the SoRelle family for some time were the passengers in the other pickup. Both of these were taken to Northwest Texas Hospital in Amarillo and have remained there in the Intensive Care Unit. They and their families need

your prayers.

Young people of Happy have begun a prayer chart in which one signs up to pray for thirty minutes and then calls the next name on the chart to remind them that it is their turn to pray. The object is continuous prayer around the clock. If you care to participate, please call Kim McCaslin or Amy Wallace.

A Foster Memorial Fund has been started at the First State Bank in Happy by friends of the

family. The fund is to be used as a college fund for the Foster children.

**SHERMAN COX IS** in room 532 of the High Plains Baptist Hospital in Amarillo.

In Palo Duro Hospital in Canyon is Mrs. Mattie Cox and Mrs. J. P. Mitchell.

Remember these and their families.

See ya! Mary Neal

Mrs. Orrell Vise presents Kelly Forehand with a check for \$322.30 raised by the Heritage Woman's Club in a recent bazaar.

The funds will be used toward the purchase of a van with lifts.

## New rates for long distance calls within Texas.

With Discount Periods and a new One-Minute Rate, you may be able to save money.

Rates for Long Distance calls within Texas have just changed.

For you—the telephone customer—it means most rates are going up.

But you may be surprised to learn that rate changes won't necessarily bring higher telephone bills.

Because with our new discount for dialing your own calls, you can better control your Long Distance costs.

In some cases, you may be able to save money on your Long Distance bill by taking advantage of these rates.

For example, there's a new one-minute rate on all calls that you dial yourself—without the operator's help.

Under the old rate, the initial rate period was for three minutes. Now on One-Plus dialed calls the initial rate period is one minute.

That means you can save by reducing the length of your call.

*DISCOUNT RATE PERIODS FOR ONE-PLUS CALLS WITHIN TEXAS							
	Mon	Tues	Wed	Thurs	Fri	Sat	Sun
8 a.m. to 5 p.m.	Day Rate Period Full Rate						Eve. 25% Dis- count
5 p.m. to 11 p.m.	Evening Rate Period 25% Discount						
11 p.m. to 8 a.m.	Night and Weekend Rate Periods 35% Discount						
<p>NOTE: The Evening rate applies all day on the following holidays: New Year's Day, July 4, Labor Day, Thanksgiving and Christmas Day, except in instances where the holiday falls into Night/Weekend period. In this case, the lower rate applies.</p> <p>*On operator-assisted calls, the same rate applies at all hours on all days.</p>							

Nights and Weekends there will be a 35 per cent discount.

So, if you call later in the day or night, or on weekends, you're going to get the lowest rates possible.

But if you place calls through an operator, rates for these Zero-Plus calls will be higher, at any time—night or day. These include calls from a coin phone, collect, credit card and calls billed to a third number.

The initial rate period of three minutes will continue for these and other operator-assisted calls.

And, person-to-person calls will cost more than any other type call.

*EXAMPLE OF NEW RATES FOR MAXIMUM DISTANCES		
	#One-Plus	Each Additional One-Plus Minute
DAY RATE	50c or less	42c or less
EVENINGS 25% Discount	38c or less	32c or less
NIGHTS AND WEEKENDS 35% Discount	33c or less	27c or less
#One-Plus charges for 1 minute.		
NOTE: One-Plus rates also apply on station-to-station calls placed with an operator where One-Plus facilities are not available.		
*Rates quoted do not include taxes		

Simply put, if you dial the call yourself, you are going to get a lower rate. If you place your call through an operator, it will cost more.

Now our new rates offer you a choice.

By dialing your own calls and by taking advantage of our discount rate period, you can still get low rates and fast service.

Southwestern Bell

### TIPS ON HOW TO SAVE ON LONG DISTANCE

To save on your Long Distance calls within Texas, follow these tips:

- (1) Dial all your Long Distance calls the One-Plus way. Dial 1, plus the Area Code, if it's different from your own, plus the seven-digit number.
- (2) The new one-minute rate for One-Plus calls is in effect 24-hours a day. If you talk 60 seconds or less, you pay for only one minute—not three.
- (3) When possible, call Nights and Weekends the One-Plus way. You'll be getting a 35 per cent discount from the Day rate.
- (4) If you call Evenings, you will save 25 per cent from the Day rate on One-Plus calls.

Umbarger News

# Pentecost Sunday Observed With Procession

By REBA RAEF  
PENTECOST SUNDAY, JUNE 1st, was observed with a procession of the Blessed Sacrament, in which the entire congregation took part. From the church, the procession went to the parish hall, where Benediction was held at an indoor altar. The procession then moved to an outside altar for the second Benediction.

From there, the procession returned to the church for the final Benediction. The small children of the parish scattered flowers before the Blessed Sacrament. The 11th and 12th grade C.C.D. classes, assisted by the C.Y.O. were in charge of erecting and decorating the altars. Following the Mass, refreshments of coffee and doughnuts were served in the parish hall, in appreciation to the C.C.D. teachers for their work of the past year.

The final C.C.D. classes were held on Sunday, May 25th. Classes will resume in the Fall.

**CONGRATULATIONS TO THE seniors of Canyon High, who were graduated last Friday, May 30, in the West Texas University field house. Those in the class from Umbarger were Steve Brandt, Clara Grabber, Donna Hartman, Juanita Hartman, Arlene Koch, Delbert Liekhus, Elbert Liekhus, Kevin Raef, Jeff Stocker, Danny**

Maxwell, N.M. We will surely miss the Suthers. Our loss will be Maxwell's gain. We wish them much luck and happiness in their new home.

**SANDY CUMINGS HAS returned from a visit with his grandparents Mr. and Mrs. George Cumings, in Alamogordo, N.M. The elder Cumings plan to go to California to visit for a few weeks.**

Shelley belongs to the Glen Gerbers, of Amarillo; who were gone on a trip.

**WE HAD SUNDAY evening supper guests. Mrs. Phyllis Goettsch and Greg, from Canyon and Mark Read and Kevin, from Amarillo came for German sausage and all the trimmings.**

**CONGRATULATIONS TO MR. and Mrs. T. J. Tucker, who have a new little granddaughter. She is Karen Elizabeth Lanier, daughter of Richard and Barbara Lanier, of Amarillo. She arrived May 28th and has one brother. Her paternal grandparents are Mr. and Mrs. S.H. Lanier, of Amarillo.**

**BROTHER of Father Shafle, was in Amarillo the first part of the week on business. Father went to Amarillo on Tuesday evening to visit with him, before he returned to his home in San Francisco on Wednesday.**

**CONGRATULATIONS TO JAMEY and Susan McDivitt, whose marriage was solemnized here in St. Mary's church last Saturday, May 31st.**

**WELL, THE SILENCE at our house is deafening today. Kevin will work at the State Center in Amarillo, this summer, so he and Mark Read will share an apartment in Amarillo. Kevin moved the last of his things Sunday evening. We shall miss him, for the first time in almost 41**

years, we are without some of the children.

**WEDNESDAY EVENING, MAY 28th, the Hartman's and the Raef's hosted a party for our graduates, Donna and Kevin. We had the party at Hartman's and we served hamburgers, homemade ice cream and chocolate**

cake. After supper, the honoree's opened their gifts and we spent the evening playing pool and visiting. Attending were Don and Gracie Raef and children, Mike and Margaret Browder and Joe and Les and Mary Goodin, from Amarillo; Marion and Suzy Hicks and boys and the Hartman's and Lewie and I from Umbarger.

IF YOU HAVE items for my column, call me at 499-2164. Reba.

## Plans. . .

(Continued from Page 1)  
visor Bob Davis is to serve on the finance study committee and the district architect is to serve on the building committee.

Research by the school staff indicates that with projected enrollments as viewed currently the district will need two new schools in the near future — an elementary school tentatively to be placed west of the Canyon expressway in the north part of the district, and a high school to be on a tract near Gene Howe School off Hollywood Road in the north part of the district.

The staff has virtually eliminated the need for a new junior high school.

Jacobs went over again Tuesday night projected enrollment figures for the four current Canyon schools.

Revised projections foresee 569 students next fall at Gene Howe School, a building designed to hold about 500 students; 1002 students at Rex Reeves, a building designed for about 900 students; 983 at the junior high; and 860 at the high school.

Total enrollment next fall is expected to be about 3434, well above the 3243 enrollment this past school year.

Jacobs reported that architect plans have come to a temporary halt for the new elementary school and new high school and staff members are to meet with the architect this week to continue discussions on the plans.

B. R. Cantrell, Amarillo architect, reported that costs are continuing to rise for construction.

But, Jacobs said the architect is examining new methods of construction in an effort to cut costs for the program.

In other business, board members approved a new policy enabling members of the teaching staff to take as many as six college hours per semester during the school year.

Current policy requires that teachers take no more than three college hours per term with special permission to be granted in specific cases for more than six hours.

The district's Joint Professional Communication Committee, headed by Rex Reeves Principal Bob Parks, recommended the change due to the higher rates now being charged by West Texas State University for tuition.

The board also approved appointment of W.V. McAlpin, currently assistant high school principal, as administrative assistant to Jacobs. Leonard Kent, a teacher at CHS, will become assistant principal next fall.

Jacobs reported that students are taking English, math, history, science and homemaking at the junior high during summer courses this summer.

## Beer. . .

(Continued from Page 1)  
sing car.

"You can't get in the parking lot sometimes," McCarter said. "The other night they had it completely blocked off."

McCarter is preparing big signs for posting on the east side of the lot warning the owners of parked vehicles that unless they're patrons in the shopping center the vehicles will be towed away at the owners' expense.

Richard Adams, manager of C.R. Anthony's store in the center, said the parking situation was one he originally felt could be tolerated. But, now he says the situation has become a problem.

"If we didn't have someone taking care of the lot for us, it would be a pretty big mess," he said. "It wouldn't be so bad if they'd pick up their own trash."

Adams said he doesn't mind the nightly parking vigils, but only if trash is not left behind on the lot. "We're not against the kids," he said, "but they ought to have a bit of responsibility toward personal property."

Canyon Police Chief Al Stewart said his officers have warned the youthful parkers in the past about throwing trash on the lot. "They thought we were bluffing," he said. "When they throw bottles and cans on the parking lot it gets bad and the owners have a legitimate complaint."

Stewart said he's instructed officers to inform future parking lot loiterers to move on.

Apparently his effort has been effective. There were no parkers on the lot Monday night and only a handful shortly before midnight Tuesday.

## Writer's Round-Up Opens Today At WT

The "writer's round-up," jointly sponsored by the Panhandle Pen Women and West Texas State University, will open this morning at 9 a.m. in the Activities Center.

The participants in the three day workshop will be welcomed by university president Lloyd Watkins, English Department Head Dr. Pat Sullivan, and President of the Panhandle Pen Women, Ann Brown.

Opening the sessions at 9:30 a.m. will be Mrs. Marilyn Lyman of Birmingham, Mich., one of the four featured speakers for the "round-up."

Mrs. Lyman's topic is entitled

"How to Keep Young: Write the Juvenile." Mrs. Lyman is an accomplished juvenile writer who is representing Scholastic Magazines.

At 11 a.m. Mrs. Violette Newton, 1973 Poet Laureate of Texas will discuss "The Dimension of Poetry." Mrs. Newton, a

wife and mother from Beaumont has had poems published in many anthologies and journals, and has been the recipient of state, national and international awards. She has published two books of poetry.

Dr. Jack Williamson, professor of English at Eastern New

Mexico University in Portales will address the participants at 7:30 p.m. on "The Future as Fact." A writer since 1928, Dr. Williamson has published two and a half million words of magazine science fiction and 30 books.

Rounding out the four main speakers will be Frank Wardlaw, director of the University of Texas Press for 25 years and currently head of the Texas A & M University Press, who will speak Friday at 11 a.m. His topic is entitled, "What University Presses Want."

The sessions will conclude Saturday at 11 a.m. Those wishing to attend the entire three day workshop, or any part of it may still register, said Mrs. Edwin Low, chairman of the "round-up." The total fee is \$25 with those wishing to attend only portions of the workshops being

charged on a pro rata basis, she added.

A reception sponsored by the Panhandle Pen Women will be held at 9 p.m. this evening to honor all the program personalities.

Other program personalities include: Beverly Daniel, freelance writer of Lubbock; Jean Galloway, self-taught writer for religious and trade magazines and journals, of Canyon; Ralph Leone, professional photographer and lecturer of Amarillo; Etta Lynch, fulltime freelance writer and editor of Lubbock; Evelyn Nace, short story writer and paperback book author of Pampa; Felix R. Phillips, Globe News columnist from Amarillo; and Pauline Robertson, freelance writer, teacher of poetry and award-winning poet and photographer of Amarillo.

## Bike Safety Program Set

A bicycle safety program for all school students will be held Saturday afternoon at 12:30 p.m. at the swimming pool parking lot in Connors Park. The program will be sponsored by the Lucius Penick Auxiliary of the Veterans of Foreign Wars, Post 5681.

Safety reflector stickers will be emphasized at the program and will be provided for the students by the Auxiliary. The Auxiliary

is concerned that children be visible while riding their bikes during dark hours this summer, according to a spokesman of the VFW Auxiliary.

Parents are urged to have their children present for the program on bicycle safety. In the event of bad weather, the program will be postponed until the following Saturday.

A few of the items that will go on sale in the morning at the old First Christian Church

1719 Griffin where the Canyon Senior Citizens are holding their garage sale.

## Senior Citizens Garage Sale Starts Friday

Activities are in full swing for the Senior Citizens garage sale which opens for business at 8 a.m. in the morning at the old First Christian Church, 1719 S. 5th.

Mrs. L. S. Johnston, garage sale coordinator and her committee have been busy all week taking in articles and setting them up for the sale.

Dutch Cleavinger, Senior Citizens president reports that many articles have come in, including several large articles like an air conditioner, cooking range, circulating heater, recliner chair, and antique iron headboard for a bed.

The senior citizens are still taking in articles through Friday and will pick them up. For pickup service call 655-2451.

The sale will continue through Saturday evening.

## Senior Citizens To Meet Tonight

The Canyon Senior Citizens Association will hold their regular "potluck" supper tonight at 7 p.m. at the Community Center.

Discussion will center around the garage sale to be held Friday and Saturday. Games will be provided as usual.

## Canyon Delegation Attends Assembly

A delegation from Canyon attended the conclusion of the semi-annual assembly of Jehovah's Witnesses in Amarillo Sunday, June 1.

The keynote address "Stand Still and See the Salvation of Jehovah" was delivered by J.R. Heckman. Heckman is the district minister of Jehovah's Witnesses and travels several states including Texas.

An attendance of 1,363 showed their appreciation by traveling from the surrounding area to listen attentively to the address.

The assembly crowd represented 17 congregations from the Texas Panhandle area and Western Oklahoma.

A highlight of the Saturday evening program asked the question, "What is in Your Children's Heart?" The speaker pointed out that with the so-called new morality parents need to be close to their children and discern what is in their hearts.

A baptism talk was held Sunday morning stressing the need to serve God and not self. After the talk 26 were baptized to show their dedication to God.

Heckman pointed out in the closing talk "Widening Out in Our Love," that many today depend on charitable and welfare organizations as opposed to getting personally involved in loving others.

## Lt. Gary Moore Completes Training

Second Lieutenant Gary R. Moore, son of Dr. Dudley Moore, 11 Southridge Drive, Canyon, completed training with the Army's heavy anti-tank weapon. He received his training at Ft. Benning, Georgia.

During the training Lt. Moore learned how to employ anti-tank weapons in support of infantry units against armor.

Going somewhere? Or been? The Canyon News wants to know about it — and so do its readers.

## WE DO NOT HAVE "TELEPHONITUS"

Did you ever notice how quickly you get through when you have called our pharmacy? It's not by accident. We know that an emergency prescription call can come at any time so it is our policy to keep telephone conversations as brief as possible.

Of course, we are still courteous and friendly for that too is an important part of our policy. But, if we ever seem to get off the phone a little more quickly than you thought we would, please remember the reason why. If you have never called us why don't you give it a try soon?

"A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy?"

Phone 655-4242  
**The Shell's Pharmacy**

## The Conservation Party. Join In.

Do your bit for conservation while you do your thing. A gas grill lets you cook outside and take the heat with you. You don't put an added tax on your air conditioner with cooking heat. A gas grill is so convenient (no charcoal mess or bother) eating "out" will become an everyday affair. And, it will add a charisma to your outdoor living that will last all year long. Get the voters "out" and that wonderful charcoal taste will earn you a vote of confidence from family and friends. You'll receive a mandate for more gas grill cooking. Ask any Pioneer employee.

# Schools Out And Summer Boredom Sets In

By DORIS MCKEE  
**SCHOOLS OUT AND** it won't be long until us mothers will be hearing "I don't have anything to do," or "There's no one to play with."  
Of course, there will be vacation trips for the family and possibly a couple of weeks or so with the grand parents. Some will get to go to camp and others will visit friends and/or relatives.

**OUR STORM SHELTER** is finished and on Friday night Tod had a couple of friends spread the night.  
Donnie Trammell, Marty Hoffman and Tod spent the night in the shelter. Tod had asked a couple of other boys to stay also, but for some reason they couldn't make it.

**ON SATURDAY, MAY 31st** I took a covered dish and attended the PTA luncheon at Gene Howe for the faculty and guest. It was a very nice affair.

**LAST WEEK CHARLES** and Cleve Hoglin went on a camp out trip to Lake Meredith.

**SHARON JONES FINISHED** up her course on Nurses Aide at Amarillo Jr. College last week.  
They held a class graduation party which she said was a lot of fun. I understand that she intends to enroll in another course this fall.

She wants to work in the hospital delivery room when she gets enough schooling.  
We also want to send a belated Happy Birthday to Sharon. She celebrated her 7 birthday last Sunday, May 25th.

**KATIE RINNE** is one of those lucky persons who enrolled at WT for the summer semester on Monday and started classes on Tuesday. Don't think she was too energetic about it, but said she could get thru sooner if she went this summer.

**CAROLYN BAYS CALLED** me Sunday night to let me know they had had guest over the week end. Bobby, Meda, Kevin, Shelly and Melissa Kittrell of Ambursh, Texas came early Sunday morning and spent the entire day.

Carolyn fixed a picnic lunch and she, Larry, Mickey and Cecilia along with the Kittrell family went to Thompson park. They enjoyed a real nice outing and also visited the zoo.

**TALKED TO EUNICE** Rinehart on Monday. She and Barney along with Charlotte, Tom and Laine McWilliams went to Lake Meredith on Saturday. Eunice said they did wet the fish hooks, but didn't catch any fish.

On Sunday she and Barney along with Bobby, Jo and Michael Rinehart took their boat over to Lake Meredith. Eunice said they didn't even get to get their fish hook wet, as the boat acted up.

**HAVE DE WARDER, SON** of Mr. and Mrs. Walter Warner of 267 Loma Linda will exchange wedding vows with Kathy Dilworth of 4219 Gary Lane, Amarillo on July 11th at the home of the bride's parents.

Both Kathy and Haverde are students at WT. Kathy also works in the WT business office and Haverde is a pharmacy technician at Northwest Texas Hospital.

Our best wishes are extended to this young couple.

**TOD MCKEE ATTENDED** a dance and slumber party Sunday night at Richard Ellsaesser's home. Everyone had a real good time.

**HAVE LOST A** few more families. Bobby, Leta, Mary and

Jim Wisley left us this week end going back to California.

Sandy and J. B. Floyd and family have moved from 250 Loma Linda.

Also Sharon, Edward, Scott and Jeryl Flemin's have moved into Amarillo. We wish each of them the best.

**NEW AT 201 La Fiesta** are John and Edie Campbell and their three children. Welcome to Siesta.

**A NOTE ON Little League** baseball. Mickey Bays plays on the Braves team and is really enjoying it. They played the Astros last week and lost. Better luck next game.

**JANIE JOHNSON CAME** by my place last week. She was on her way to visit Pearl West. Janie wanted to see a few friends before she and Jim moved off to Utah. Want to wish them the very best in their new location.

**TALKED TO PAT** Reed Monday. She said her and Tex just go to work and stay home. She did

say they got some new living room furniture this week end.

**SEEMS JAMES AND** Sharon Jones had some visitors on Sunday. Sharon's folks, Mr. and Mrs. H. L. Newman motor cycled over from Hereford and spent the day.

Also arriving by motor cycle were Sharon's, brother and sister-in-law, Pat and Debbie Newman of Amarillo.

At least when all your company comes by motor cycle the parking problem isn't much of a problem.

**ALBERT, KATIE, DAVIA** and Kathy Rinne went to Slaton early Sunday morning and spent the day. They visited Kenna and Victor Eckert and family, but it seems the main interest was a brand new niece named Emily Jo Porterfield.

Emily Jo is the new daughter of Robin and Hody Porterfield. Emily Jo has a brother named Eric. Kenna and Robin are sisters of Katie's. Also while

there, Katie visited a good friend who had been ill recently.

**PAUL QUALLS, JR.** son of Raylene and Paul Qualls, Sr. of 226 La Fiesta is going to camp this summer.

He is supposed to leave Saturday, June 7th. He will be at Camp Summerlife in Penasco, New Mexico for two, possibly three weeks.

**I CALLED FAYE** and Peck Risner to see what was new around their place. Peck said to watch and he'd be showing off something new Monday afternoon.

Well, he was right. He drove home in a brand new Chev. Sportvan. He said it would be their new fishing wagon.

It is really nice and am sure they will really enjoy it.

**MOBILE HOME LIVING** sometimes feels kind of cramped, but there are lots of things you can do to change the atmosphere and add room around the place.

If any of you know a change or a helpful hint give me a call and

lets share them with everyone else.

Here are a few of mine: (1) If you have a broom closet, have your husband put some shelves in it and make a pantry. It will really be a lifesaver and a broom can stand anywhere. (2) If your living room needs a change, mirror or tile one whole wall. It will really add depth and give the room a real lift. (3) If the kids bedrooms are rather small, take out those beds and get loveseat hide-a-beds. It really does give lots of room. (4) If you really do want to shine those windows and mirror's, get out your window cleaner and use wadded up newspaper. Really does make them sparkle.

**GUESS IT'S TIME** to cap the ole pen for now, so keep on reading.

Thought for this week, "You don't need diamonds and pearls to be rich, but you do need a jewel of a friend."  
See ya.

Doris McKee

## Taxes...

(Continued from Page 1)  
qualify for between \$20,000 and \$30,000 in equalization funds.

Jacobs said the school finance legislation was designed to benefit the large city school districts in the state at the expense of the smaller districts.

He told school board members Tuesday night: "This really means if you're on a high tax base you came out on the plus side, but if you're on a low tax base you got hurt."

Going somewhere? Or been? The Canyon News wants to know about it — and so do its readers.

## Two Fire Alarms Answered Mon.

The Canyon Fire Department received two alarms within five minutes of each other Monday evening.

At approximately 7:30 p.m., the department answered a call at the residence of Rex Griffin, 1421 Creekmore. A fire on the kitchen stove caused moderate damage to the kitchen area and some smoke damage to the house.

About five minutes later, Canyon firemen responded to a call in which a trash dumpster was on fire at the parking lot of Taylor and Sons Food, 900 23rd St. The cause of the blaze has yet to be determined.

## Lair...

(Continued from Page 1)

Lair said fire fighting would be severely hampered currently with the water lines now in place in the development. That situation would be alleviated with the addition of the 12-inch main.

He said 170 living units now in Hunsley Hills and not part of his development would benefit from the establishment of the line.

"I feel like it's a legitimate expense," he said, "the taxpayers have a legitimate interest in it. They sell water and they have an obligation to give adequate fire protection."

City Attorney Elton Cox noted that city ordinances are nebulous on what a commission can or cannot do in regard to participation on extension of such lines.

However, it was generally agreed after perusing the ordinances that the commission could participate if it so desired.

"With all due respect to Mr.

Lair and with no malice and I'm not opposed to expansion, I move we deny this request because the money is not available," said Commissioner Pat Stephens after learning funds for city participation in the project would come out of a contingency fund set aside for furnishing the new city hall complex.

Stephens, Jim Christopher and Willis Harrison voted to deny the request. Mayor Manly Bryan and H. R. Fulton Jr. voted to approve the request.

In other business Monday, commissioners tabled for another three weeks a decision on awarding a 12 to 15-year contract for a cable television franchise for the city.

They instructed T. D. Austin, who has proposed one franchise, and Dr. T. Paige Carruth and Hermas Miller, who have proposed another franchise, to return in three weeks for the com-

## Planting...

(Continued from Page 1)

grain sorghum has been variable. Some years the number has risen to the 100,000 acres level, but generally that number of acres was directly due to the lack of results on a winter wheat crop.

Brazil predicted farmers will plant fewer than half the normal number of acres of dryland sorghum this spring due to the massive planting of wheat.

Until the record \$12 million wheat harvest of 1973, grain sorghum ranked as the top money crop in Randall County for many years. But, with that wheat crop and the steady hold of wheat prices, wheat has become the leading cash crop.

Brazil said grain sorghum probably outstripped wheat during 1974 in terms of cash but only because drought prevented the wheat crop from making.

Brazil said under hot summer skies, the wheat crop in the county should be ready for harvest next week.

Farmers planted a record number of acres and while Brazil says the crop will probably not make the average per-acre yield made in 1973 the drop could be bigger cash-wise due to the large acreage this spring.

In fact, the wheat crop for the second year in a row could outrank cattle sales as the leading agricultural endeavor in the county. Cattle sales have traditionally provided the biggest money in agriculture in the county, that is until the bottom fell out of the cattle market in 1974.

## Forced...

(Continued from Page 1)

should make the charges public. Caballero, who has been at West Texas for 27 years, said he believes the petitions now being circulated for his continued reign as department head are compliments.

"It's an extreme compliment and I'm grateful for it," he said of the petition effort. "How many men receive so many wonderful bouquets while they're still alive as I've gotten from my students?"

Caballero said he approves the petition effort.

"I'm grateful for this friendship and deeply appreciate somebody saw fit to exalt me in this way," he said. "Whatever happens in this deal, I'm still the winner."

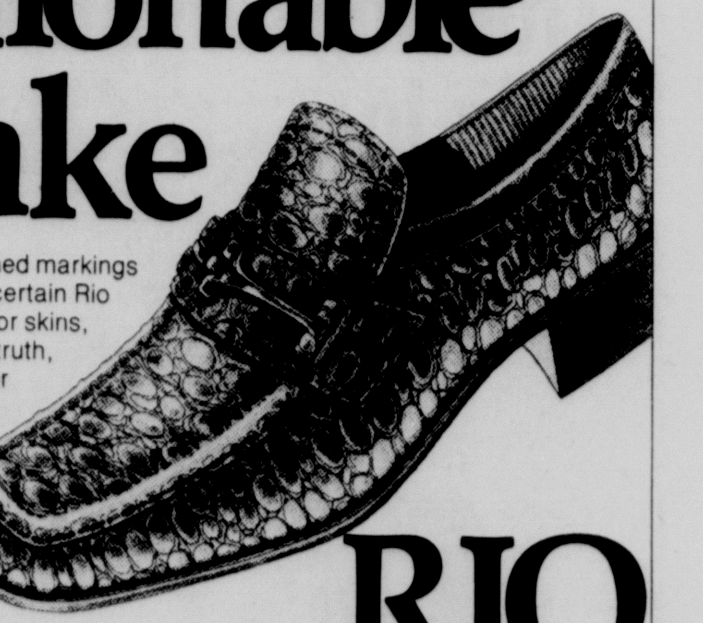

Watkins had no comment on whether or not Caballero was forced to resign and said he would not comment on a personnel action.

Th.ags were crowded Monday morning and afternoon in the activities center at West Texas State University as about 2400 students piled in to register for the first summer term of instruction. Enrollment continues for late arrivals through 5 p.m. Friday on campus at the registrar's office.

# Nettleton's Fashionable Fake

The pattern and deeply-grained markings are so realistic that you are certain Rio is made from genuine alligator skins, polished to a high luster. In truth, however, Rio is a new leather shoe species with a gator look, created in the minds of Nettleton designers and crafted into an exciting foot-wear fashion. Shaped, walled toe design with brass bit ornament and lined throughout for comfort. A great combination. For style and comfort Rio is the real thing.

# City Of Canyon Delinquent Personal Property Tax, 1974 Tax Roll As Of March 31, 1975.

"Section 12.08: Compilation and publication of delinquent tax rolls: Immediately after the end of the fiscal year of the City of Canyon as prescribed by the City Commission, it shall be the duty of the Assessor and Collector of taxes, or such other person or officer as may be designated by the City Commission, to prepare a roll to be designated as the Delinquent Roll, containing the description of all property described in the assessment rolls of the fiscal year just preceding, together with the taxes due thereon. Said delinquent roll shall be published not later than ninety (90) days after the end of each fiscal year or as soon as possible thereafter once each week for four (4) consecutive weeks in some newspaper published in the City of Canyon, and shall be entitled to charge Two Dollars (\$2.00) for advertising such tract of land separately assessed which shall be taxed as a charge against the property on which the tax is due, and no receipt to any delinquent tax payer shall be issued until such cost of advertising has been paid."

Home Rule Charter of the City of Canyon, Texas.

# School's Out, Splashing's In

As temperatures soared into the 90's early this week, Canyon youngsters took to the pool, making their entrances in a variety of ways. The pool opened for the summer last weekend and will be open from 1:30 p.m. to 7 p.m. daily through the next three months. The pool is located just south of Conner Park in the southern portion of Canyon. It is operated by the city.

## Silver Saver BESTFORM Bras

AVAILABLE IN CANYON  
**Anthony's**  
C. R. ANTHONY CO.

## Festival Plans In Progress

The Festival Committee of the Bi-Centennial Steering Committee has finalized many of its plans for the July 4th celebration, according to Mrs. J. Pat Stephens.

### Funeral Services Held For Mr. Black

Mr. Ralph (Happy) Black, 80, died at his home south of Canyon Sunday, June 1.  
Mr. Black was born in Eustis, Neb., May 21, 1895. He moved from Donley County to Canyon in 1926. He was a retired farmer and a veteran of World War I.  
Funeral rites were conducted at 10 a.m. Wednesday in the Schooler Gordon Chapel in Canyon. Rev. Baldwin Strubling, pastor of the First Presbyterian Church in Canyon officiated. Burial was at 2 p.m. at Citizen's Cemetery in Clarendon.  
Pallbearers included: Roy Byrd, Harley Burrus, Alvin McDonald, Hersey Williams, Pat Baber, and Densmore Mickle.  
Survivors include two brothers, Paul F. Black of Canyon and Clarence D. Black of Strawn, Texas and one nephew, Bill Black of Wichita Falls.

Scheduled for Friday evening July 4th at Conner Park, the festivities will begin at 5 p.m. with a parade through the city. The Canyon Chamber of Commerce will host a barbecue starting at 6 p.m.  
The historic exhibits scheduled to be on display are varied and numerous, designed to encourage the observers to participate in them, said Mrs. Stephens. Included in the exhibits are a weaving display, a foot operated potters wheel throwing pots, quilting frames with quilting in progress, Indian beading, square dancing, and quill feather writing.  
The Canyon Classroom Teachers Association will set up an historical classroom situation, and children's games from the past will be conducted. All the exhibits will be located

randomly under the trees in the park, weather permitting. A fireworks exhibit will start about 9 p.m.  
A "traders fair" is also planned. Tables will be sold to those wishing to sell their crafts and home-made goods. Proceeds from table sales will be used to purchase prizes for students who participate in Bi-Centennial contests during the school year.  
"Much interest has been demonstrated in holding a street dance also," Mrs. Stephens said. Anyone wishing to assist in any way should contact a member of the Committee. Committee members include: Mrs. Stephens, Mrs. Royal Brantley, John Childs, Mrs. Lee Webb, Mrs. Albert Mitchell, Mrs. Ples Harper, Weldon Trice, Mrs. Charlotte McClure, and Mrs. Becky Hall.

## Foster Funeral Rites Held

Funeral services were held at 3 p.m. Monday at the First Baptist Church of Happy for Dick Foster who was killed Friday evening in a head-on collision east of Happy.  
Mr. Foster, 37, of Rt. 1 Happy, was born October 11, 1937 in Tulia, Texas.

He moved to Happy ten years ago from Canyon. In Canyon he was co-owner of the M & F Cabinet Shop. A farmer and rancher in Happy, he was a member of the Happy Jaycees, the Happy Rodeo Association, and the Wayside Community Methodist Church.  
The Rev. Paul Heil, pastor of the First Baptist Church in Happy officiated with the assistance of Rev. Roland Moore, pastor of the Wayside Community Methodist Church.

Foster married the former Dotie Bachman June 6, 1959 in Stratford, Texas.  
Pallbearers included: Lloyd Rahlfs, Odell LaGrone, James Vick, Gene Shipman, Lloyd Venhaus, Tom Henry, Roy Reynolds, Bob Costley, and honorary pallbearers were the Happy Jaycees.  
Survivors include his wife Dotie of the home and three daughters, Lessa, Dana, and Kim, and one son Kelly, also of the home. He is also survived by his parents, Mr. and Mrs. Jack Foster of Happy, and two brothers of Amarillo, Dean Foster and Gordon Foster, and one sister of Tulia, Mrs. Mary Milam.  
Arrangements were under the supervision of Schooler-Gordon funeral home.

Going somewhere? Or been? The Canyon News wants to know about it — and so do its readers.

Had a party? Or giving one? Tell The Canyon News about it. Telephone 655-7121, or stop by the News office on the south side of the square.

## TEXAS TALK

By Tom Lytle

**Crop Camels have heads but no humps.** The term "Crop Camel" is used as a reference to any crop that gets along on little water but in this area is generally reserved for sorghum. Primary reason for the development of sorghum as a feed grain was because it provided essentially the same nutritive value as corn but had unique growing properties. Properties such as becoming practically dormant during a drought and then resuming growth as soon as water is available. Most common of the grain sorghum types are the kafirs and milos, or a hybrid developed from the two varieties. According to authorities such as J. H. Martin, sorghum originated in east Africa with the kafir variety coming to the United States from South Africa in 1876. Milo followed in the early 1880's. Hybrid developments and farm improvements have moved average yield from under 20 bushels per acre in 1950 to a current average of close to 65 bushels.

## Pen Women List Contest Winners

An area workshop was conducted by the Panhandle Pen Women on May 20th at the Travelodge Motel in Amarillo.  
An "article" contest was held in conjunction with the workshop and a three-member panel of writers from Midland judged entries submitted by women from around the Panhandle.  
The winners and their articles were as follows: 1st Place — Mrs. Glenna Wilson of Canyon, "Haltom City's Gentleman Horseman"; 2nd Place — Mrs. Jean Galloway of Canyon, "I Conquered Depression"; 3rd Place — Mrs. Elmer Patterson of Hereford, "Hereford's Hustling Heritage"; Honorable Mention — Mrs. Clarence Hamilton of Clarendon, "How Mama Kept Her Shirt On"; Honorable Mention — Mrs. John Witt of Groom, "Turtles and Girdles".  
Mrs. Ann Brown of Canyon is president of the Panhandle Pen Women.

## Club Elects New Officers

The Canyon Capers Square Dance Club enjoyed dancing to the lively calling of Knox Day Monday.

Several members recently graduated from square dance lessons. Those graduating include: Merrell and Jan Winstead; Jim and Charlotte Bradshaw; Jack and Maggie Williams; Alan and Linda Dugan; and Norman and Lorene Prickett.

The club's officer's supper will be held June 6 at 6 p.m. in order that members can attend the State Festival following the supper.

## Regents To Meet

West Texas State University regents will meet at 9:30 a.m. Friday on campus to look at a 1975-76 budget for the university and to consider approval of final plans for construction of a new fine arts building.

They will also hear petitioners calling for retaining Dr. Emilio Caballero as head of the art department.

Various other agreements and expenditure items are on the regents agenda.

## Firemen To Attend Meeting

Four Canyon firemen will be in Houston Sunday through Thursday for the Texas State Fireman and Fire Marshal Association convention.

Jack Jennings, Joe Rice, Roland Black and Marvin Fite will attend the five-day meeting at which new officers will be elected, resolutions will be voted on and various workshops will be held.

Rice, as a member of the International Fireman Service Train-

ing Association, will be involved in presenting a workshop involving the training manual for Texas firemen.

As area representative for the Texas Volunteer Fire Fighters Certification Board, Jennings will be attending a workshop that will deal with the certification of Texas firemen.

Black will be representing the Panhandle Fireman and Fire Marshal Association at the convention as that associations past president.

## Philosophy Course Offered

What is the universe really like? Is it entirely materialistic existing outside of the human mind, or a duality of the two or purely a state of the mind? These are a few of the questions to be pondered in the West Texas State University first semester summer course, Introduction to Philosophy 101-1.

The course, to be taught by Art Johnson Monday through Friday at 9 a.m. beginning June 3, will deal with the nature of philosophy and its uses.

"We will deal with the theories of truth and knowledge and their implications for such things as politics, religion and ethics," Johnson says.

Johnson also hopes to develop his students' intellectual skills to

give them a sensitivity to certain very broad applications.

"We will look at what sorts of ideas go together, what does contradict and what does not," he says.

The course will also deal with the theory of metaphysics which, according to Johnson, is "what the universe is really like."

"Metaphysics is the study of the nature of being," he notes, "or what it means for something to be real."

Registration for this and other first semester WTSU courses is June 2, according to the prescribed schedule. For more information, contact the WTSU registrar at telephone 656-3331.

## Services in Crosbyton For Mrs. Robinson

Mrs. Alice Pearl Robinson, formerly of Happy and mother of Mrs. Clyde McDonald of Canyon, died Monday afternoon in a Sayre, Okla., nursing home.

## Jury Returns Indictments

Indictments were returned Monday by Randall County grand jurors against five persons, one of whom is not in custody.

Indicted were Dennis Boy Endsley, charged with delivery of marijuana; Edgar Owen Hubbard, charged with DWI 2nd; Orvel Don Morris, charged with DWI 2nd; and Gregory Donald Needham, charged with burglary with intent to commit theft.

A man charged with aggravated assault with serious bodily injury was not in custody, but was indicted by grand jurors.

She was 89 years old.  
Funeral services were held at Crosbyton Wednesday afternoon. She was buried in Crosbyton Cemetery beside her last husband, Fernando Cortez Robinson, who died in 1935.  
She was born Alice Pearl Smith Nov. 3, 1885 in Hopkins County and was married March 4, 1904.  
She is survived by three daughters, three sons, a sister, 15 grandchildren and 24 great grandchildren.

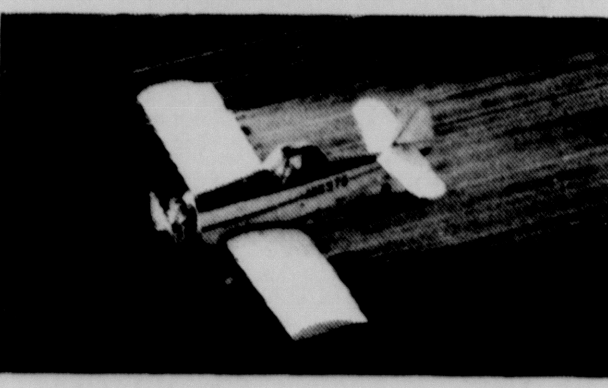

## Variety Ring Club Meets

The Variety Ring Club met last Friday at the home of Mrs. Leslie Neil, 604 7th.

Members sewed and had some readings and poetry recitations. Refreshments of chocolate cake and ice cream were served to Mesdames Levi Cole, Carl Hartman, J.P. Hannon, A.W. Harding, John Jennings, Fred Marshall, Albert Meyer, Ann Weaver, and Leonard Winters.

The last meeting of the year will be held tomorrow at the home of Mrs. Fred Marshall, 518 11th Ave.
